You will naturally take a lot of care in your choice of professionals to assist you with Your Wedding, so too should your taste of photographers assume a very high priority.

My role as the Photographer @ Your Wedding is to capture the events @ Your Wedding in the most professional manner and to ensure that complete coverage of Your Wedding is achieved. You will rely on me to provide you with a time-table, laying out all the Photographs that need to be taken and @ what times they will be taken. It is also vital to express your needs to me and to discuss the type of coverage that you receive or require. Another very important role for me, is to capture the Wedding event with true feeling and emotion.

Professional Wedding Photography is a very personal art - and each and every wedding will look uniquely "Yours"

- \* You should have confidence that I will complete the task competently and give you your Memories for life.
- \* You should feel comfortable with me.

- \* Last but not least, I guarantee that I offer value for money.

When the Wedding has drawn to a close and the Wedding dress is returned to the wardrobe for storage, the only tangible memories that you will be left with, are your Photographs.

Remember your Wedding Photographs are the only expense that is not entirely for the Day.

These Memories will be handed through the generations.

Professional videography records and protects life's most valuable and beautiful moments - just as it actually happened.

Thus, what is more important to hold precious, than the sights and sounds from the most important day of your life - your wedding day!

Because the event passes by so quickly, capturing all the activities, preparations, ceremony and reception on video, means that your wedding will be preserved for you and your family now, and more importantly ... for the future generations to come.

**Choosing a professional videographer to document your special day is an important step.**

Professionally edited wedding videos carries high sentimental value allowing the wedding couple to treasure special moments in addition to professional photographs. A wedding video is expensive and therefore important that you choose a professional videographer to capture those special moments using the best equipment and latest Videography technology.

Creativity, the ability to accommodate the wedding couple's specific needs, integrated with strong editing acumen, combined with a wide variety of choice of editing and special effects, and a high degree of passion within the videographer towards the services it offers, ensure that you receive value for money by investing in a wedding video.

You may consider making use of a friend or family member to film your wedding on video. The possibility does exist that the final edited wedding video falls short of your expectations. Video equipment used in the home environment together with reasonably priced inexpensive and readily available editing software packages stand inflexible towards your specific needs and requirements making the final video product substantially less in terms of quality. Consult with videographers timely during the time period when planning your Wedding.

Realising the need for far greater than average quality at an affordable price, Fantasi Produxion Studio, through personal and dedicated experience, is focused on delivering exactly that.

Fantasi Produxion Studio's approach, supported by its innovativeness, flexibility, market adaptability, transparent and logistical business model allows it to create and make a production of your wedding that conforms to high quality standards at better than competitive prices, seeing clients and wedding couples enchanted with the sentimental value added to their wedding day.

13. **EXCLUSIVITY / GUEST PHOTOGRAPHY:** It is understood that THE PHOTOGRAPHER will act as the sole and exclusive event photographer/videographer. Because of the fact that flashes from guest's cameras may ruin shots taken by THE PHOTOGRAPHER, THE CLIENT acknowledges that they are responsible for notifying all of their guests that guest photography is not permitted at any time while THE PHOTOGRAPHER is in session unless otherwise agreed on by THE PHOTOGRAPHER. In the case where THE PHOTOGRAPHER allows guest photographers to join the photography session, it is to be made clear by THE CLIENT that the exception has been made under the condition that guest photographers are under the instruction of THE PHOTOGRAPHER and that interference from any guest photographer will not be tolerated. The formal photography time is for the exclusive use of THE PHOTOGRAPHER to capture the formal wedding portraits. THE PHOTOGRAPHER will allow guests to take snapshots during the processional and recessional, during candid events at the venue. In return for this consideration THE PHOTOGRAPHER insists no other guest photography take place when THE PHOTOGRAPHER is working. THE CLIENT should share the photography schedule with other service providers to make sure that there is no conflict in times. In addition, events during the event day should be planned to make the best use of time from all vendors. THE PHOTOGRAPHER will not tolerate verbally or physically abusive behavior, nor will it share its time or compete with guest photographers for the attention of the subjects. Unchecked guest conduct that interferes with photography may seriously affect the quality of the photographs taken and increase the number of times photos must be re-taken. If THE CLIENT is unable to control the conduct of their guests, resulting in an unacceptable degree of misconduct, or if the conduct of any of their guests damages the equipment of THE PHOTOGRAPHER, it will result in the early or immediate departure of THE PHOTOGRAPHER.
